Now and then a figure would dart toward the rail and lunge overboard, the bodies striking the water in great circles that lost themselves in one another. She was conscious of her heavy clothing sodden with water; was conscious of the lack of support. Something long and wooden tilted against her and instinctively her fingers clutched the oar which floated out to her from their boat which had been tossed and crushed against the burning liner's side."—Extract from the second installment of "Lucille Love, the Girl of Mystery."

"How Are Your Bowels?" A Simple Remedy that Guarantees Good Bowel Action.

LIEUT. G. W. VAUGHAN.

Trace the origin of the commoner ills of life and almost invariably you will find that constipation was the cause. It is not to be expected that a mass of fermented food can remain in the system beyond its time without vitiating the blood and affecting the nerves and muscles. It congests the entire body.

The results are colds, fevers, piles, headaches, and nervousness, with its accompanying indigestion and sleeplessness. There is only one thing to do, and that is to remove the trouble; and when nature seems unable to do it, outside aid is necessary. You will find the best of all outside aids a remedy that many thousands are now using for this very purpose, called Dr. Caldwell's Syrup Pepsin. Many hundreds of letters are received by Dr. Caldwell attesting the good results obtained, and among the enthusiastic letters is one from Lieut. G. W. Vaughan, of 621 W. North street, Decatur, Ill. He is 72 and has had a bad liver and stomach since he came out of the army. He says he tried about everything, but never succeeded in getting permanent relief until he took Dr. Caldwell's Syrup Pepsin. He is never without a bottle in the house, and he is never without good health.

It has untold advantages over pills, salts and the various coarse cathartics and purgatives, for while these do but
